

# **+ EVERY POWERSPORTS ACCIDENT IS PREVENTABLE. KNOW THE TOP FIVE LEADING FACTORS!**

The RideSafe Foundation has identified these leading factors that result in the common trends we are seeing with young riders who are injured or fatally injured in powersports vehicle accidents.

**97%**  
OF ALL OHV-RELATED  
RELATED FATALITIES  
HAPPEN ON ADULT-SIZED  
MACHINES

**95%**  
OF MOST CASES  
THE CHILD HAD NOT  
COMPLETED SAFETY  
CERTIFICATION

**9 OUT OF 10**  
OF ALL CASES  
THE CHILD HAD NOT  
BEEN WEARING A  
HELMET

**70%**  
OF CASES  
HAPPEN IN THE  
RIGHT-OF-WAY

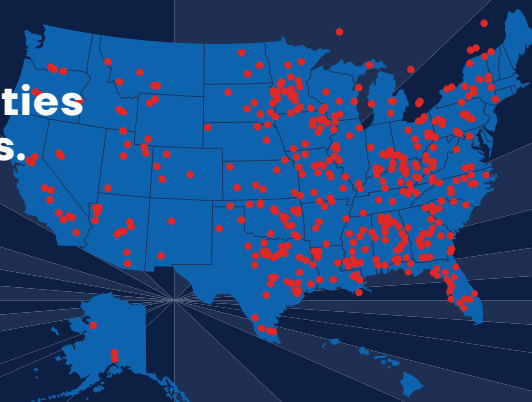

Awareness is the key to solving this problem, and that's why we are working so hard to get the word out, to change the culture, and to make safe riding practices cool.

**63%**  
OF CASES  
INVOLVED  
A ROLLOVER
